Note

4. If the test result (5) alarming or unexpected, the patients advised to contact the Lat

2 Not val for medicolegal pupose. 3. Sample drawn: Lab - Outside

### Things you need todo;

Drink plenty of fluids, such as water.

Fill all of your medicine prescriptions,  
finish your medicine and take as  
directed.

Wash your hands before eating, pre-  
paring food, touching others, and after  
you visit the bathroom.

Weigh yourself each day and write  
down the results. Call your doctor if  
you lose more than 3 pounds over  
several days.

Call your doctor if you are still having  
frequent diarrhea after 5 to 7 days.

Betalee 100my -1 4b BID

Dortolamidvm 10 mg - 1 tab BID

Cimetidine 50 ng - 2 tabs TID

Onprelei Somy = 1 4a OD
